

FABRIC 8

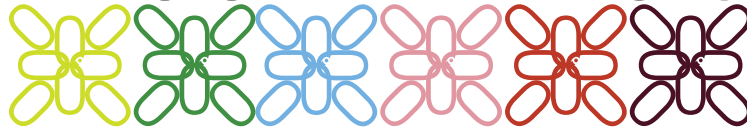

Uniforms, Solved.

Company Profile
Est. 2026

ABOUT FABRIC 8

Fabric 8 is a Jordan based B2B uniform solutions and supply company, purpose built for clients who demand more than a catalogue. We deliver uniform solutions tailored to each client's brand, purpose, and operational demands built to perform and built to last.

Founded by a team of experienced Jordanian professionals across textiles, garments, commerce, and logistics, Fabric 8: is both a play on the word 'fabricate' and a commitment: every client engagement follows eight intentional steps from initial consultation through to after-sales support. That process; The Fabric 8 Method is our operational backbone and the reason our clients return.

OUR MISSION & VISION

A background image showing three people in an office environment. On the left, a woman in a light green shirt and dark pants walks while holding a black folder. In the center, a woman in a light pink shirt and dark jeans walks. On the right, a man in a white t-shirt and khaki pants walks while holding a white mug. They are all smiling and appear to be in motion.

OUR MISSION

O We aspire to be the most trusted uniform partner in the region one that listens, advises, executes, and stands behind every garment we deliver. We bridge the knowledge gap between buyers and their business needs, so every client receives a uniform solution that works as hard as the people wearing it.

OUR VISION

To become the regional benchmark for high-volume, high-quality uniform supply recognized for creative solutions, operational scale, and an unwavering commitment to client success over the long term.

O

CORE VALUES

PARTNERSHIP

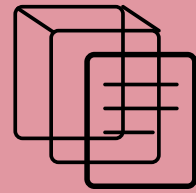

Every client's engagement is a shared investment in their success.

PRECISION

Details matter. Fabric composition to thread color, nothing left to chance.

TRANSPARENCY

Honest advice, accurate timelines, and no hidden costs.

RELIABILITY

We deliver what we commit to, on time, every time.

QUALITY

Every garment meets agreed specifications and passes QC before shipment.

SUSTAINABILITY

Responsible sourcing, and continuous improvement.

THE FABRIC 8 METHOD

8 STEPS TO PARTNER SUCCESS

01	Knowledge Allocation	We begin by listening: Your needs, pain-points, brand identity requirements, and operational environment are mapped before any solution is proposed.
02	Consultation	We advise on garment and textile solutions tailored to your role profile, climate, and budget. There is always the right fabric for the right job.
03	Budget Management	We optimize quantity, item selection, and distribution to get maximum value within your approved budget and no surprises.
04	Order Deliberation	During the PO stage we manage alterations, edits, and problem-solving so your specification is locked and correct before production begins.
05	Branding	Embroidery, printing, and finishing transform each garment into a brand asset , consistent, professional, and identity-aligned.
06	Manufacturing	Production is executed by agreed specifications, with quality control checkpoints and compliance with applicable health and safety standards throughout.
07	Logistics & Delivery	Coordinated freight and final-mile delivery to your sites, tracked and confirmed using critical path method for required orders.
08	After-Sales	Our relationship does not end at delivery. We handle guidance, problem solving, re-orders, and ongoing support for the lifecycle of your uniform planning.
