BRANDING DESIGN GUIDELINES

RATEEL KAYED

FABRIC 8 OBJECTIVE

To be the most trusted uniform partner in the region — one that listens, advises, executes, and stands behind every garment we deliver. We bridge the knowledge gap between buyers and suppliers so every client receives a uniform system that works as hard as the people wearing it.

FABRIC 8 DESIGN OBJECTIVE

To offer Fabric 8's clients a comforting feeling, through defined branding and the tailor made promise made from start to finish. The quality of the brand comes through all its details, from item offerings to packaging and handling to after care.

Color Palette

Fabric 8's color palette offers a refreshing take on the classic uniform options, choosing a bold stance at the front rather than taking a backseat.

Each category offering is defined by a color, where the logo and logo mark colors can be used accordingly; yet they all come together to make the whole of the brand at the same time.

The colors separately represent different categories but together they are all Fabric 8.
